# GROWTH IMPLEMENTATION PLAN

The best recruiting strategy is to every day have a highly engaging and positive learning environment, but Zoomtopia kind of ruined that one for many of us...

Today, we will create a custom-tailored growth implementation plan for YOUR program that works for your students. Please feel free to add your own recruiting tasks!

## Possible Recruiting Tasks:

- Plan your recruiting concert
- Send invitations to potential students
- Create an incentive for concert attendance
- Create student recruiting leadership roles
- Connect with guidance counselor to change enrollment in your ensemble to auto-enroll
- Feature a feeder teacher in your next concert
- Meet with pyramid teachers to form a pyramid recruiting plan
- Schedule a Teacher Swap Day!
- Send your students to feeder concerts with silly, creative signs to support them

*Select the tasks from the box above. Include 1 - 2 steps you can take at the beginning of the month to achieve this goal.*
