

# *2022 Performance Application*

*This application is session based and will log you out after a period of inactivity. Therefore, please be sure to save your work before leaving the application window open for any amount of time. Failing to do so may jeopardize you losing any information which has not been saved.*

## *Part III - Audio and Video Upload*

### *RECORDING PREPARATION INSTRUCTIONS*

PLEASE BE SURE TO TEST YOUR AUDIO AND VIDEO RECORDINGS TO MAKE SURE THEY PLAY WITHOUT INCIDENT. THE AUDIO RECORDING SHOULD BE OF THE HIGHEST AUDIO FIDELITY.

- a. Audio and Video recordings **MUST** be recorded after **September 1, 2021**.
- b. Uploads  
NOTE: Due the size of the audio and video files you are submitting we recommend that your internet connection be a minimum of 50 mps. For example, if you are attempting to upload via a public internet or hotspot connections, your speed will be severely limited and most likely result in an unsuccessful upload.
- c. By submitting these recordings you and your administrator certify that the selections on these recordings are unedited.
- d. Each selection and/or movement must be a separately uploaded track and should be itemized on the video recording.
- e. Your ensemble must not be identified within the sounds recorded on the audio itself, such as in an announcer's introduction or a director's voice (This does not apply to the video portion). Any ensemble that is identified on the audio recording will not be considered.
- f. **ONLY** the following audio formats will be accepted by the performance application system: .aif, .aifc, .aiff, .wav, .mp3 and .mp4, .m4a, and .wma. We recommend .aiff or .wav file formats due to their superior fidelity over .mp3.
- g. **ONLY** the following video formats will be accepted by the performance application system: .mp4, .wmv, .mov, and .avi.

- h. The performance application system will only accept **UP TO 30 minutes** of audio and video files (separately) so please prepare your submissions accordingly.
- i. Each video upload must be LESS THAN 500mb per file otherwise the system will inform you the file size is 'too large.' For video files GREATER THAN 500mb please [COMPRESS the files](#) so that they meet the size requirement. While compressing a video file will slightly decrease fidelity (quality), this should not be a concern as the audio recording will be the primary source when determining the quality of an ensemble NOT the supporting video.
- j. This form is configured to accept files as large as 500 MBs.

Please email the Midwest Clinic at [info@midwestclinic.org](mailto:info@midwestclinic.org) with any questions or uploading issues you may be having.

## Uploads

Title

*(If a multi-movement work, please upload each movement separately i.e. Symphony No. 6, II. Andantino Grazioso)*

Composer/Arranger

Location Recorded

Recorded By

Date Audio File Recorded

File Type

Audio  Video

File Upload (If a multi-movement work, please upload each movement separately)

**500 MB file size limit.** Please make sure the name of the file does not include any special characters, including spaces. If you would like separate the words in the file name, please do so with hyphens or underscores.
