Helpful hints for iPad and iPhone users:

- Once the session PDF has loaded, tap the document once and you will see **'Open in "iBooks"'** appear in the upper right corner. Click it.
- You must open the PDF in iBooks in order for the score links to activate.
- Click on any title to view the full score.
- Once you are finished viewing a score, *double click* the 'Home Button' on your device and slide back to the iBooks screen.

The reading session list will be available on The Midwest Clinic website as a resource for only a few weeks. Please share this wonderful new addition to the reading session with colleagues as we consider this an excellent resource for learning about new publications for instrumental ensembles.

Please note that this is **not** a complete list of new publications. A complete list of all new publications is available on The Midwest Clinic website.

Click **Exhibitors & Advertisers** Select: **2015 New Publications**

This list has all titles sorted by publisher.

The list on the back of this sheet is also available as a PDF for you to share. Due to copyright, the titles on this list are not active links to the PDF scores. This document can be viewed at:
